EDUCATION

Amrita Vishwa Vidyapeetham, Coimbatore, Tamil Nadu Masters of Technology in Artificial Intelligence Engineering Current CGPA: 7.83 Sharda University, Greater Noida, Uttar Pradesh 2023 - Current 2023 - Current 2023 - Current

Bachelor's of Technology in Computer Science & Technology with Specialization in AI&ML

CGPA: 8.64

PROJECTS

Self Driving Car Simulation Using JavaScript

Developed a full self-driving car simulation using using HTML, CSS, and JavaScript, with a Feedforward Neural Network for Genetic Algorithm mutation, the project systematically advances self-driving technology

Technical Skills used - HTML, CSS, JavaScript

Cloud Native System Monitoring Application on Kubernetes

Developed a system monitoring application using Python with Flask and organized it into categories using Docker containers. Additionally, utilized the Python BOTO 3 module to establish an Amazon Elastic Container Registry (ECR). Furthermore, set up Elastic Kubernetes Cluster and successfully deployed the aforementioned application onto it.

Technical Skills used - Python, Flask, Dockers, Amazon ECR, Amazon EKS.

Spotify Clone

Developed a web-based Spotify clone.

Technical Skills Used - HTML, CSS, JavaScript

World Coin Currency Detection Using Deep Learning

Developed a deep learning model to identify and recognise coins from various nations. The Dataset was acquired from the internet.

Technical Skills Used - Python, Machine learning Algorithm - CNN and MobileNetV2

TRAINING

Summer Internship Training on C++ and Object Oriented Programming	2023
